

**MASTER'S DEGREE COURSE IN BIOINFORMATICS  
(CLASS LM-6 - BIOLOGY)  
ADMISSION REQUIREMENTS  
2014/2015**

To be admitted to the Master's Degree Course, it is necessary to have a bachelor's degree or obtain one before December 28th 2014. Admission to the Master's Degree Course in Bioinformatics also requires the assessment of adequate skills and competences through one's curriculum vitae:

If students are considered to have satisfactory skills and competences according to the evaluation of their CV:

- They have immediate access to the Master's Degree Course

If students' skills and competences are not satisfactory according to the evaluation of their CV:

- They will be asked to undergo an interview.

**Assessment methods for admission:**

To take part in the assessment, candidates have to apply for the admission test at least 15 days before the registration deadline sending the following documents to the email addresses:

- [scienze.lm-bioinformatics@unibo.it](mailto:scienze.lm-bioinformatics@unibo.it)
- [lsbioinfo@biocomp.unibo.it](mailto:lsbioinfo@biocomp.unibo.it)

- Copy of the certification of exams and related credits achieved.
- Curriculum Vitae et Studiorum (the applicant must use the format downloaded from the website, otherwise his/her application will not be taken into account) including the following information:

- Detailed curriculum vitae et studiorum;
- Title of the final examination or of degree thesis;
- Declaration of intent: letter illustrating the motivation and professional and personal aspirations of the candidate in relation to the Master's Degree Course.
- Assessment of the linguistic proficiency in English (a B2 CEFR level is required)

Candidates are assessed in the following way:

The student's Curriculum Vitae et Studiorum must show skills and competences:

- Mathematics
- Physics
- Informatics
- Chemistry

And/or

- Biological/Biotechnological/Biomedical oriented knowledge

If not, the candidates need to undergo an interview in order to assess the necessary requirements to be admitted to the Master's Degree in Bioinformatics.
