

## LaGomiCs (Lagomorph Genomics Consortium) meeting

6<sup>th</sup> May 2014

Hotel Dubrovnik, Ulica Ljudevita Gaja 1, Zagreb (Croatia),

Satellite event of the RGB-Net Management Committee meeting, Zagreb, May 6-8, 2014

(in collaboration with the World Lagomorph Society)

### **8:30-12.30: Introduction & Round Table (I)**

Chair: Luca Fontanesi

8:30-: LaGomiCs White Paper, publications and relationships with other genomic initiatives

### **10:30-11:00 Coffee break**

11:00-: Activities and next plans: funding, sampling, sequencing, data analysis

### **12:30-13:30 Lunch**

### **13:30-16.00: Round Table (II)**

Chair: Paulo Alves

13:30-: Summaries of who, what, when, how: include some talks (5-10min) or a summary talk reviewing the ongoing projects on lagomorph genomics

15:45-16:00: Luca Fontanesi: Responsibilities, Next meeting – Closure

### **16:00-16:30 Coffee break**

# Rabbit Dedomestication Genetics Workshop

6<sup>th</sup> May 2014

Hotel Dubrovnik, Ulica Ljudevita Gaja 1, Zagreb (Croatia),

Satellite event of the RGB-Net Management Committee meeting, Zagreb, May 6-8, 2014

## Draft program

### **16:30-19.40; Introduction & Discussion**

Chair: Carl-Gustaf Thulin

16:30–17:00; Carl-Gustaf Thulin,

*"Dedomestication Genetics – What is it and why would it be interesting?"*

17:00–17:15; Paulo Alves, *"Phylogeography of the rabbit"*

17:15–17:30; speaker to be announced *"Feral rabbits worldwide"*

17:30–17:45; David Peacock, *"Feral rabbits in Australia"*

17:45–18:00; Miguel Carneiro, *"The complex genetic architecture of rabbit domestication: implications and predictions for the study of dedomestication genetics"*

### **18:00-18:30; Coffee break**

18:30-19:00; Group discussions,

*"Rabbit as a model for dedomestication genetics: Why? How? Importance? Proceedings?"*

19:00–19:20; Summary of group discussions

19:20–19:40; Carl-Gustaf Thulin, Closing the workshop – Next steps & Responsibilities
